

**« I am alive, thank God »**

March 23, 2015

Greetings,

We experienced a powerful cyclone. We have lost everything at the school. All the roofs were ripped off.

The members of the local community live in the main room -the only one that was spared. We try to manage in the best way possible. We are in the process of cleaning up.

I was allowed to connect to internet in the Capital and I am sending you this short message so that you know we are safe and sound.

I do not know when I'll have access to a normal connection.

Thank you for all the messages that you have written ; for the moment, however, I am unable to respond to everyone.

I am counting on your prayers and support.
